## MY STORY

I accompany people develop their communication and leadership skills by giving impulse to their talent, charisma and other personal competences. The human voice and body language are special features in my coaching and training.

My vision is **to achieve fewer misunderstandings in the world, encouraging a more empathetic and effective way of communicating.**

My experience as **singer, speaker and TV moderator** as well as my studies in psychology and my **certifications in coach and training** give me the chance to support people develop their potential as effective and assertive communicators, their self confidence and presence.

Combining my two **big passions, the stage and people**, contributes is a key contribution in my career in personal development and communication.

**You are what you communicate and how you communicate it.**
